DAYS OF DIZZINESS

Come to Hundreds of Norway People
There are days of dizziness;
Spells of headache, languor, backache;
Sometimes rheumatic pains;
Often urinary disorders.
Doan's Pills are especially for kidney
ills.

Endorsed in Norway by grateful
friends and neighbors.
Ask your neighbor.

Mrs. W. J. Olmstead, 95, Main St.,
Norway, says: "My kidneys began to
give me trouble as they were weak. My
back ached so badly I could hardly get
through with my housework and every-
thing I undertook to do seemed a drag;
I was dizzy and could see star-like spots
before my eyes. My feet and ankles
swelled. I read about Doan's Pills
being good and sent for some. When
I had finished taking them, I felt
as well as ever. The backache ceased
and my kidneys became regulated. I
have told a number of people about
Doan's.

Changes in Basketball Schedule
Two dates in February have been changed in the boys' schedule of N. H. S. as published last week. On February 8, Westbrook Seminary will appear here in place of Berton Academy. On February 15, Livermore Falls will take the place of Westbrook Seminary.
Robert F. Taylor of Livermore Falls has been the guest of his sister, Mrs. Walter Hutchins.
Mrs. Edwin C. Thompson entertained a few friends at cards one evening recently. Refreshments were served and the evening was greatly enjoyed.
A light rain freezing on concrete side walks and highways Thursday evening made traveling uncertain and dangerous. Many automobiles made hard work negotiating Main and Paris street corners. Several drivers used the side streets to avoid that slippery turn. One auto skidded into the sign board on that corner and nipped off the six inch post, with some damage to the car. Horses found trouble keeping upright on the paved road, and a number of pedestrians measured their length on the sidewalk.
Tax Collector Bickford says: "I made a mistake. Herbert S. Wood's taxes were paid and his name should not have gone in on the unpaid list."
Bert Clark at the A. L. Clark Co. has sold a six tube Federal radio set to Hugh Pendexter, and a four tube Federal to Mrs. Martin S. Thibault. It is reported that Mr. Pendexter's set is the most powerful in town and programs from Fort Worth, Texas, and many other long distance stations come very steady and clear through a loud speaker.
Herbert L. Hopkins, who has been paroled and unable to work the past five months is gaining, and he reports more action in his left side. He hopes to eventually overcome the trouble.
A stag party and smoker will be held after the regular meeting of Pennebec, wassie Lodge, K. of P., Thursday evening, Dec. 27. A buffet lunch will be served. This will be a surprise party for an aged member residing in an adjoining town so a large turn-out is expected.
Stanley Kilgore, aged 10, son of Mr. and Mrs. Mason Kilgore, Danforth street, who was operated on for appendicitis at the Central Maine General Hospital in Lewiston, is recovering nicely according to reports.
Glenn Andrews secured the turkey sold by the "Aggies" at the high school. The proceeds are for the class treasury.
Maud Ellen Pike, director of music at the Ferrum Training school in Virginia, is spending the holiday vacation at her home.
Mrs. Wilfred Scythorne (Annie Everett) was a surprise shower by her school mates and several friends at the home of Mrs. George Gurney. Supposing she was attending a shower for another friend, she was taken completely by surprise when she was asked to remove the wrappings from the packages, which hung on a Christmas tree, gaily decorated for the occasion. She received many useful and beautiful gifts. During the evening daily refreshments were served.

Clayton "Pidie" Furlington of Colby College is home for the holidays.
Roscoe F. Staples of Waterville was in town Saturday on business.
Shirley J. Rawson, coach for the Mexico basketball team was here with the outfit Friday night. He has developed a brace of good players with team work prominent in all stages of the game.
Elizabeth Porter assisted at the A. L. Clark Drug Co. during the Christmas trade.
Don of Hyde Park, Vt., is in charge of Parrin's Bowling Alley, taking Addison Holt's place. Ed Lever is "pin boy".

Friday, Dec. 21, was like spring with some mud where frost left the ground. An open bus was operated between the town and Norway without any noticeable effects on the patrons. One year ago zero and below was the rule with settled sledding and regular winter in the saddle. Frank Herriek, who passes the summers on his farm in Stoneham, is employed at his trade in the shoe shop here and expects to stay until spring.
Elmer Husey, principal of the high school at Wickford, R. I., is spending the holidays at his home in Norway.

The prices marked on the goods will meet all competition as always. If you know where any articles can be bought for less we would appreciate your telling us.

We shall be glad to accommodate those desiring charge privileges at the same prices as always, but we urge everyone to take advantage of the opportunity to save 5 per cent. by paying cash.

JUST THOUGHTS

Cinderella like, I sit by the hearth stone
Awaiting the day when the snow will melt
While I dream of days that have vanished
Such days as will come nevermore.
New nights are so long and so weary,
Days so monotonous and blue,
The same things over and over
And naught that brings respite to you.
And the heart is heavy with longing
For a word of affection or cheer,
To gladden the hours of the morning
When life seems so empty and drear.
And you say with the words of the poet
"Oh, had I the wings of a dove,
I would fly over mountain and valley
And search for the 'Region of Love'!
And when I had found the blissed haven,
Where love with her favors abide
I would fold away weary pinions
And evermore keep by her side."

BACTERIA COUNT THE BEST INDICATION OF GOOD MILK
Bacteria affects a milk supply more than any one factor. Flavor and odor, keeping quality, cleanliness and healthfulness, some of the qualities in which all milk should stand high, are affected by bacteria.

Milk as drawn by the calf is in the form nature intended milk should be consumed. Milk, as it comes from the cow, is very low in bacteria count. Man has been trying to keep milk as near this condition as possible, by fighting bacteria with cold, sterilization and cleanliness. The motive has not been to imitate nature but to prevent milk from souring. The best method of doing this is to produce as near natural milk as possible, because it also greatly improves the product.

A hair from the cow's body or a particle of chaff, when seen under the microscope show large numbers of bacteria surrounding them. When these particles of hair and dust drop into the milk pail, then we may expect a high bacteria count as the milk is seeded with bacteria which soon start unfavorable growth.

The presence of large numbers of bacteria in milk indicate careless methods were used. If only a few bacteria enter the milk, milk is kept warm, these bacteria will multiply rapidly and result in a high count.

Consequently it is of utmost importance that care be taken; first, to keep as many bacteria as possible out of the milk; and second, to prevent their further development.

BIG THOUGHTS

Big thoughts are a form of opportunity that come to people and communities and nations, but there is not always enough mental room to float them. They are like some great ship that sails up a harbor, bringing with it new opportunities of commerce. But it may find that the water is shallow, so that it has to go elsewhere to deliver its rich freightage.

Many people have during the past few months had big thoughts in regard to education. Perhaps school teachers talked to them on its advantages. A big thought was trying to enter the harbor of their minds.

But as they reflected, the difficulties seemed to grow. They would have to give up many pleasures.

Some of these young people were not perhaps fitted for higher book education, and perhaps their families needed the money they could earn. Their decision was to go to work may have represented good judgment and self sacrifice. But in many cases the trouble was merely that their mental channels were not deep enough for big thought which if acted upon might have enriched their lives.

So it is in the life of a town. Big thoughts come seeking entrance to the civic harbor. Practical suggestions are made of means by which a town might broaden its life and increase human welfare and enlightenment.

But over conversation, too great parsimony as to taxation, lack of self sacrifice, are forms of sill that obstruct these channels, and make many of these civic harbors too shallow for those great vessels of thought and action that seek to enter. People need a kind of mental dredging that shall make us all able to float the big thoughts that ask to come in and land their lives in our lives.

JACKIE COOGAN

in Charles Dickens' classic

"Oliver Twist"

See the characters you enjoyed so much in fiction brought to life. Jackie Coogan, the screen's wonder-child, as "Oliver Twist," "the little boy who asked for more," realistically brings to the screen the beloved dream-child of the immortal Chas. Dickens. Unquestionably "Oliver" is the most lovable characterization that has yet been enacted by the precocious little Jackie. You will laugh with him, and you will cry with him, and when the end of the picture is reached, you, too, will be heartily wishing for "more."

Catarrrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing inflammation and restoring normal conditions. Circulars free. R. J. Cheney & Co., Inc.

Virgil Herrick was home from his work in Minot for the week end and holiday.

The teacher and scholars of the Swift's Corner school gave an entertainment and social Saturday evening, Dec. 22.
